

CATARRH

You Can't Have Any Form of Catarrh If You Have Pure Blood
You Can't Have Pure Blood If You Have Any Stomach Ailment
You Can't Have Any Stomach Ailment If You Take Munyon's Paw-Paw

I am pleased to state to the world that my Paw-Paw has proved itself to be not only a positive cure for Dyspepsia and all forms of Nervousness, but is without doubt an infallible cure for Catarrh. When I put this remedy upon the market I knew that it would cure Dyspepsia. I knew that it would cure Nervousness. I knew that it would cure Sleeplessness. I also knew that it would cure Catarrh. I knew that it would give strength and energy to the whole system, but I did not think of it as a Catarrh cure; but the hundreds of testimonials that I have received from people that have been cured of Catarrh prove to me that this new vegetable pepton is destined to be a great blessing to Catarrh sufferers.

It cures Catarrh by purifying the blood. I do not believe it is possible for a person to have pure blood who has not a well-stomach and good digestion. My Paw-Paw makes the stomach well, makes one eat and digest all that they eat. It makes

one sleep; it rests the nerves. It puts vitality into every fiber, tissue and bone. It seems to have the power of purging all poisons from the system. It acts wonderfully well on the Liver. It puts this organ into activity; prevents Constipation, Headaches, Jaundice and other Liver troubles. I want every person who suffers with Catarrh to get a bottle of Paw-Paw and take it according to direction and see how quickly it will stop all catarrhal discharges from the nose; the dropping of mucus into the stomach; pain in the head, dizziness, inflamed eyes, nausea, deafness, hawking and spitting and other disagreeable features of Catarrh.

People who suffer with Catarrh of the nose, head or throat, should by all means get a package of my Catarrh Tablets, and use them as a wash. This wash will soothe the inflamed membrane, harden the membranes and prevent taking fresh colds.

I do not believe there is a case of Catarrh, whether it is in the head, throat, lungs, or stomach, that Paw-Paw and my Catarrh Tablets will not cure. My Paw-Paw Catarrh Tablets, 50¢ a bottle. Paw-Paw Laxative Pills, 50¢ a bottle. At all druggists.

WEDDING PARTY IS ICE BOUND.

Caught in Floe and Spends Night in Middle of the Missouri in Bitter Cold.

RESCUED AT BREAK OF DAY.

Riverman Shatters Skiff in Order to Construct Bridge to the Shore—Ceremony Performed at Last.

REPUBLIC SPECIAL. Columbia, Mo., Jan. 4.—Miss Laura Cavannah and John Davis, bride and groom-to-be, while attempting to ferry the Missouri River at McBaine last night, were caught in an ice jam and were obliged to spend the night in the middle of the river in a desperate fight against cold and ice.

Early this morning they escaped from the boat, which was imprisoned in the ice, and arrived at a farmhouse in the southern part of Boone County. They were married there this afternoon.

Although both are in an almost prostrated condition as a result of their

trouble, it is thought they will recover in a few days.

START IN SKIFF.

The couple, with Elder S. M. Huntington, the officiating minister, left their homes in Monticou County for a flat station on the river yesterday to catch a westbound train for Booneville, where they expected to be married. The train passed the station several minutes before their arrival, but they allowed the driver to return home with the wagon.

After learning that the train had already passed, the young couple insisted on crossing the river so as to catch a night train at McBaine to Booneville.

With some little difficulty they induced James Griggs, the local ferryman, to attempt to row them across in an open boat.

When about half way across the river the boat was caught in a large ice floe and they were unable to dislodge it. In their attempts to free the boat both oars were broken and the party was compelled to float helplessly down the river with the ice floe.

CAUGHT IN JAM.

In passing, Shepard's Island, below Providence, late last night, they were caught in a jam. The river was blocked and they found themselves frozen firmly in the ice, unable to loosen the boat. Griggs, the ferryman, realizing the only way to reach the bank was to bridge over the spaces between the floes, broke the sides of the boat and using them as bridges, managed to rescue the half-frozen wedding party.

After securing the license, returned to the home of Hiram Miller in the south end of the county, where the couple were married this afternoon.

January Birthmonth Rings.

Police Raid "Tape Game."

Special Officers Madden, Padernick and Peeny of the gambling squad yesterday afternoon raided a "tape" game at No. 22 Pine street, and arrested James McDonald and William S. Courtney, employees of the place, and twenty persons who were in the room when the police arrived. The police have information that they say will lead to the arrest of the man who conducts the place. Special Officer Madden said he and his men found a ticker machine on which incorrect market reports were being received.

Moses Barth Gets a New Trial.

REPUBLIC SPECIAL. Booneville, Mo., Jan. 4.—In the case of the State vs. Moses Barth, charged with dealing in options, Judge Davis of Saline County, acting as special judge, sustained a motion for a new trial on the ground that the evidence and instructions of the court did not warrant a verdict of guilty on both counts of the indictment. The case was continued until the February term of court. At the adjourned October term of the Cooper Circuit Court Barth was convicted and fined \$1,000.

Colonel T. M. Gunter III.

REPUBLIC SPECIAL. Fayetteville, Ark., Jan. 4.—T. M. Gunter, one of the oldest citizens of this county, is stricken with paralysis and it is thought he cannot recover. Colonel Gunter was the first Democratic Congressman from this district after the war and held office for ten years. He is 72 years old.

DIETRICH SCORES ON TECHNICALITY.

Demurrer to Indictment Charging Senator With Conspiracy Is Sustained.

POINT IS BITTERLY FOUGHT.

Judge Van Devanter Holds That Error Was Made in Accusing Alleged Bribe-Giver and Bribe-Taker Jointly.

Omaha, Neb., Jan. 4.—A legal battle prefaced the trial in the Federal Court of United States Senator Charles H. Dietrich, charged with a alleged conspiracy with Jacob Fisher, Postmaster at Hastings, Neb., to violate the statute against bribery, and also with the direct violation of that law, in which counsel for Senator Dietrich scored "the first victory."

This point was on a demurrer filed by General Counsel in the indictment, attacking its sufficiency, and alleging that it would have the effect of placing the Senator on trial twice on the same charge. This point was bitterly contested by opposing counsel, Assistant District Attorney Rush arguing for the Government.

VAN DEVANTER'S DECISION.

After two hours' consideration Judge Van Devanter announced for the court that the demurrer was sustained. In his opinion Judge Van Devanter said:

"The indictment improperly joins two distinct offenses by two separate individuals, which should be prosecuted separately. Fisher cannot be charged with the agreement to accept the bribe and Dietrich be charged with the agreement to give the bribe."

"The rule that two or more persons cannot be charged in the same indictment with committing offenses which are in their nature several is well established."

"We are, therefore, constrained to hold that these defendants must be separately prosecuted under the separate indictments now pending in this court charging Dietrich as a Senator in Congress with agreeing to receive the bribe named, and charging Fisher with agreeing to give the same. The demurrer will be sustained."

This decision, which is considered important, is held to be a precedent in the matter of indictments in conspiracy cases. In effect, the opinion is that the law is at fault in providing, in addition to the actual taking and giving of bribes, an "agreement" to take and give bribes.

ANOTHER CONTROVERSY.

Another legal conflict came up when District Attorney Summers announced that the Government was ready to proceed with the trial of Postmaster Jacob Fisher of Hastings, Neb., and the case was referred to the court for its decision.

Judge Van Devanter finally announced that the trial under the indictment charging alleged unlawful leasing of a building to the Government was sustained, and the matter was taken under advisement until to-morrow.

JURY RESUMES ITS INQUIRY.

Many Witnesses Examined in the Graft Investigation.

The Grand Jury reconvened yesterday after the holiday vacation and resumed the investigation of grafting in the city institutions.

Among the witnesses were R. Lee Gibson, former chief clerk at the Insane Asylum; Guy E. Golderman, Health Department attorney, and Henry Kropf, an employee at the asylum. Each of the witnesses spent half an hour in the Grand Jury room and it is presumed were questioned about the alleged grafting at the asylum.

Patrick Kane, Frank Miller and Special Officers Finney and Padernick were witnesses who, it is believed, were called upon to testify about gambling. Finney and Padernick are members of the gambling squad.

PROCEEDINGS IN BANKRUPTCY.

Creditors File Petition Against F. H. Smith Lumber Company.

A petition asking that the F. H. Smith Lumber Company of St. Louis be declared bankrupt was filed by creditors yesterday in the United States District Court. The creditors and their claims are: E. A. Kelly & Co. of Corns, Ark., \$67.20; Koons-Helk Planing Mill Company of St. Louis, \$27.70; and the Washington National Bank of St. Louis, \$1,000.00.

It is alleged that the lumber company is insolvent and owes debts amounting to \$240,000. On December 26, it is stated, that the firm made an assignment, executing and delivering a chattel deed of trust down all property to Patrick B. Little and Charles E. Tritschke, trustees for the benefit of creditors, and that these trustees now have possession of the property.

FELL INTO ELEVATOR SHAFT.

Davis Landed Upon Kuhlmann and Escaped Injury.

When Carl Kuhlmann of No. 2222 Dodder street, an employee of Louis Block Product Company, on North Third street, slipped near the elevator shaft yesterday, he grasped William Davis, another employee, and both fell to the basement, 20 feet below.

Davis was not injured and ran up the steps to the first floor, laughing. When Kuhlmann did not appear Davis looked down the elevator shaft and saw him writhing in pain. Kuhlmann sustained a broken arm and probably internal injuries. He was taken to the City Hospital. When Kuhlmann fell he was carrying a box of safety.

A Safe Cough Medicine for Children.

WHEAT DEALS CAUSE FILING OF TWO SUITS.

Short Traders Seek to Prevent Settlement on Basis Proposed by Buyers.

Two suits were filed in the Circuit Court yesterday by grain dealers against the Merchants' Exchange and its officers and other dealers and two banks to restrain the closing of wheat deals on the basis proposed by the successful manipulators.

William J. and Charles F. Orthwein, doing business as Charles F. Orthwein & Sons, are plaintiffs in one suit. They allege that they agreed to sell 50,000 bushels of No. 2 red winter wheat to the Hubbard & Moffitt Commission Company at 80¢, 81¢ and 82¢ a bushel and 140,000 bushels of the same kind of wheat to W. A. Gardner & Co. all of the wheat to be delivered in December last.

They deposited \$25,000 with the German Savings Institution as security on the deals.

They aver that the wheat was bought for Corwin H. Spencer, John T. Mulliken, Thomas Akin, David Coon and possibly others.

They allege that a pool was formed and the wheat market cornered, so that they could not secure the wheat to deliver, and that the market was manipulated so that the price of the wheat on December 31, the day for closing the deals, was made 12 cents.

They aver that the price was fictitious and that the actual value did not exceed 68 cents on which basis the plaintiffs offered to settle, but that the offer was declined.

They state that the Board of Directors of the exchange is without power to compel the producers to sell at a price other than the actual market price, and will expel the plaintiffs unless they settle on the basis of 68 cents.

Judge Foster made an order directing the defendants to show cause next Saturday why a temporary injunction should not be issued.

The other suit was brought by the Buchanan-Muesel Commission Company, which is a partnership between John Buchanan, a New York City broker, and the National Bank of Commerce as security.

The same allegations are made as in the other suit, but the plaintiffs in this case are the defendants to show cause next Friday why a temporary injunction should not be issued.

LEHMANN IDENTIFIES TURNER.

Declares He Attempted to Steal a Carriage.

Edward Turner, who was arrested Saturday night by Detective McKelvey and Schenk, was identified yesterday afternoon by James Lehmann, a private watchman, as one of the three men who attempted to steal a carriage at Twenty-third street and Washington avenue after robbing Frank Perano's saloon at Lucas avenue and Beaumont street.

Frank Perano called at the Four Courts yesterday morning, and the court found in his favor. The police have the name of the man who wore the coat, but have learned that he has left the city.

Turner is unable to identify Turner positively. The robbers wore masks, he says, and for that reason he could not tell the police who was one of the three men. In running, however, Turner lost his mask, and Private Watchman Lehmann says he cannot be mistaken in his identification, as it was light at the time and he got a good look at the fleeing man.
